ALL-SEASON HALFPIPE

Available to all levels and incorporating innovative Geothermal Refrigeration Technology, an epic halfpipe stadium proposed for Falls Creek will solve all issues with halfpipe riding. And make it available to any location on Earth, including major metropolitan areas.

As a **multi-purpose facility** it caters for snowboarders and skiers during an extended winter and holds the ability to transform into a **vertical balance playground** for bmx and mountain bike riders. Welcoming students, athletes, spectators and various organizations from around the globe.

HOTELBALANCE

With a grand entrance in the village heart - freestyle gym; health spa; music auditorium; action-sport conference facilities; retail; restaurant and social club - this premier **high altitude training centre** attracts local, national and international guests on a year-round schedule. Encompassing epic balance education, recreation, art and health elements.

JUNIORADVENTURE

Add two smaller **Halfpipes & Child Adventure Center** (*further up the creek bed into the Village Bowl precinct*); with eco-tourism / technology attractions; stadium facilities and native waterfall gardens. This future-proof facility becomes a complete **multi-demographic** action sport attraction.

PUBLICSTADIUM

PUBLICSTADIUM

GULLYSUPERTRAIL

With the perfect location for an artificial halfpipe landscape, Falls Creek will gain another **safe super-trail** in a currently low-use part of this resort. Checking all the action from Gully Chair will be a highlight of every ride. Plus, facility lighting allows additional after dark 'balance practice' and tourism experiences with greater operating hours during any season.

MASTERSDOJO

Housing world class indoor: skate ramp; trampolines; and climbing wall - the Champions Dojo complements the quest for action sport balance and style. Accommodating coaches, sponsored riders and visiting international champions. Ensuring an **unparalleled resort marketing dynamic**.
